MEMORIAL METHODIST ACTIVITIES

The Appomattox Ares Christian Workers' Training School will continue this week, closing Friday evening at 9:15, weather permiting. The attendance thus far has been excellent, all churches of the area represented with a goodly number. Plans will be tentatively made for next year's school during the closing session of all classes Friday evening.

The Woman's Society of Christian Service postponed meeting will be held in the Church Sanctuary Wednesday, March 23rd., at 7:30 P.M. The annual meeting of the Virginia Conference W.S.C.S. will be held in Lynchburg Court Street Methodist Church, April 5-7, 1960.

The Pastor continues the Upper Room Series of Message during the evening worship — 7:30 - 8:15 O'clock, using the Subject, March 20th, "Life's High Demands" and for the closing Message on March 27th, "What Could Happen, IF". The Chapel choir will give special music the 3rd. Sunday Evening and the Mens' Chorus will sing on the 4th. Sunday Evening.

The two final morning Sermons of the Lenten series concerning the Christian Life will be given the next two Sundays — March 20 — "The Christian's Guilt" and March 27th "The Christian's Cross."

Saturday, March 19th., beginning at 6:00 O'clock at the Legion Hall Grounds, the Annual Oyster Roast of the Memorial Methodist Men will be held, Robert Allen Sears, President.

The Children' and Youth Class in Church Membership is being held each Wednesday afternoon between 3:15 - 4:15 in the Wesley Fellowship Class Room.

DEATH

T. M. CUNNINGHAM SR.

Thomas Marshall Cunningham Sr., a retired engineer for the Chesapeak and Ohio Railway Co., died unexpectedly Saturday at 10 p.m. at his home here. Born in Amherst County, he was a son of the late John Jay Cunningham and Mary Ann Jordan. He was a member of Mount Comfort Methodist Church in Appomattox County. Survivors include his wife, Mrs. Harriette Powell Cunningham; a daughter Ann Jay Cunningham; a son, Thomas M. Cunningham Jr., Otis Air Force Base, Mass.; three sisters, Mrs. E. C. Christian, Gladstone, and Mrs. Ellen Henry and Mrs. Irene Vassold, both of Lynchburg; and three brothers, Theatt Cunningham, Lynchburg, Ross A. Cunningham, Gladstone, and John M. Cunningham, Richmond. Funeral services were conducted Tuesday at 2 P. M. from Mt. Comfort Methodist Church by the Rev. Aaron D. Smith. Mrs. Joe Martin provided the organ music. Pallbearers were Clayton Martin; Otha Martin Jr., G. C. Martin, Beverly Martin, Lathan Harvey, Clark Lewis, Alton Moore and Mason Banton.

Burial was in the church cemetery.

SCHOOL OF MISSIONS

The Appomattox Baptist Association will hold its Schools of Missions during the week of March 27 - April. The Rev. James T. Cravens is the Associational Director. The churches in the Association will be divided into four groups with each church conducting its own age-graded missionary study classes each night of the week. A missionary will be assigned to speak at the Sunday morning worship service in each church, and a different missionary will speak in the churches each night at the conclusion of the period of class study.

The list of missionary speakers for the churches in group four, Calvary, Evergreen, Hebron, Liberty, Maple Grove, Red Oak and Spout Spring, includes the following: Rev. William E. Arnold, Dr. W. B. Denson- Mrs. Donald Y. Phlegar, and Miss Amelia Rappold. Rev. Arnold, Southern Baptist missionary to Ghana, West Africa, was acting principal of Sadiri Baptist College, Kumasi, before returning to the States for furlough. Appointed for overseas missionary service in 1956, he did evangelistic work in Kumasi and Sekondi,Ghana before assuming responsibilities at the school. A native of Louisville, Ky., Mr. Arnold attended Speed Scientific School of the University of Louisville and received the bachelor of arts degree from Georgetown, Ky., College and the bachelor of divinity degree from Southern Baptist Theological Seminary, in Louisville, Ky. He has served pastorates in Bracken County, Butler, and Campbellville, Ky. He served in the U. S. Marine Corps for 14 months. Mr. Arnold is married to the former LaVerne Hutchens, of Bowling Green, Ky. They have two daughters.

Dr. W. B. Denson is Secretary of the Associational Missions and Baptist Board of Missions and Education, Richmond, Va.

Miss Amelia Rappold is a product of the Rachel Sims Mission in New Orleans, Louisiana. There she made her public profession of her faith in Christ which brought protest and persecution from her family. She attended Blue Mountain College, received the B.A. degree from Mississippi College and attended the New Orleans Baptist Seminary. Miss Rappold was appointed during the summer of 1947 by the Home Mission Board to full time work in the Rachel Sims Mission. Her message will have a special appeal because she is a product of the mission where she works.

On Sunday afternoon, March 27, a kick-off service will be held, and Dr. Baker James Cauthen, the executive secreatry of the Foreign Mission Board, Richmond, Virginia, will bring the address. The service will be held at Longwood College, Farmville, Virginia at 2:45 P.M.

Mrs. A. R. Harwood, Jr. is serving as the chairman of the mission study committee; Rev. John P. Leitner, chairman of entertainment and transportation; Mr. W. L. Harris, chairman of the finance committee, and Mrs. William Page Williams chairman of publicity.

In FASHION now

It is often said that the basis of a good wardrobe is a good suit. This was never more true than it is today. Every woman appreciates the qualities of a suit even if she is one of the very few figure types that can not wear suits. These practical long-wearing clothes can be worn around the clock. You have your choice of tweed, taffeta, linen, silk, and any number of the new , man-made fabrics.

To further accent the varied occasions when a suit is "just the thing" the fashion-wise woman calls on accessories to compliment both suit and wearer in a tricky manner. For accessories to be a good buy they must be adaptable to many outfits.

When it comes to choosing a purse for your suit you will have a wide variety. It seems that never before has there been such a multitude of blouses every color imaginable, in excitingly different styles, and with such cunning decorative devices. The right suit has its choice of tailored or dress-up type blouse.

Navy and black suits are the easiest to accessorize. A white hat and white gloves with shoes and bag in a near match to the suit is a good choice. Or a red bag and shoes, with gloves in white or the hame color as the suit, gives a fresh, vivid air to the ensemble.

The beige suit is taking the fashion spotlight this season. It takes well to various shades of tan and brown, or of rose. Alligator shoes and bag with a bright last is effective. Coral or berry tones are smart right now.

Gray is an old favorite that goes with almost every type of coloring. It can be worn with any color and be made to look smart. Here are few colors that can be used together with more success than gray and white.

Colored Dots

Impressive services were held at the Mount Shiloh Baptist Church on Sunday morning. The pastor of the church delivered a special sermon from the subject: "Nothing at Ease in Zion". All present enjoyed the message. The church choir rendered special music. A special offering was taken for the Red Cross during the general offering period. The general offering for the day amounted to $118.56. At the close of the morning service the Lord's Supper was administered.

The public is cordially invited to attend the annual Woman's Day program at the Mount Shiloh Baptist Church this Sunday at 3 P.M. The Rev. Wilson, pastor of Long Mountain Baptist Church of Concord, Virginia and his choir will be the special guest. The program will be sponsored by the willing workers Club of the church.

Plans are complete for the annual N.F.A. Basketball tournament, sponsored by the Western Federation of New Farmers of America, to be held at the Carver-Price High School this Friday March 18, beginning at 6:30 P.M. The federation is composed of the following local chapters of New Farmers of America: Carver, J. P. Burley, Central, Mountain View II, Carter G. Woodson and Susie Gibson.

All, patrons of the school are asked to make plans to attend the next regular meeting of the P.-T.A. on Monday evening after the fourth Sunday at 7:30. A special address will be given by Professor Williams of Virginia Seminary and College, Lynchburg, Virginia.

Regular services were held at the First Baptist Church last Sunday morning. The Rev. Larry of Virginia Seminary and College was the guest speaker. Mrs. Barksdale of Lynchburg, Virginia played the piano.

The regular preaching services will be held at the Galilee Baptist Church this Sunday morning at 11:30 A. M.

Thomas Haskins of the U. S. Navy is visiting his parents, Mr. and Mrs. Andrew Haskins, after completing his basic training in Great Lakes, Ill. He will be home for 15 days.

Mrs. Jessie Dixon of the Spout Spring community has returned home after spending some time in the Lynchburg General Hospital.

Mr. and Mrs. Rudloph Robinson and family of New York City spent a two week vacation here as the guest of her parents, Mr. and Mrs. Lloyd Forest.

Messers Louis Ferguson and Walter Beasley of Baltimore visited their families here last week-end. They motored here with Mr. Bumgardner of Baltimore who was the guest of Miss Nettie Mae Harvey.

Miss Roane, librarian of the Carver-Price High School, motored to her home in Portsmouth, Virginia.

Health and Beauty

Time flies in this modern world. We are faced with many problems and tensions that our grandmothers never had to deal with. It is no wonder that more people than ever before are having nervous breakdowns. All this tends to make us age faster.

Fortunately, there are a few tricks in living which we can apply to barricade ourselves against early aging. A list of them would include good nutrition, good posture and happy thoughts, eager interests and careful skin and hair care.

Then there is exercise, which has great magical powers.

As the years fly by, there are a few exercises which will be especially good for you. Here is one of them:

Stand with your back toward the wall with your head, shoulders and hips touching the wall. Your heels should be about 6 inches away from the wall. Pull your abdomen in hard until the curve of your back touches the wall. Hold while you count slowly to six. Later you can extend the count to twenty. Lift the chest and relax the abdomen. Repeat a number of times.

Another: Lie on your back on the floor, arms and palms resting on the floor, legs straight. Slowly lift both legs as you lift your head. Don't duck your chin. Now, slowly return legs and head to the floor.

Wrong Number

A very strict lady was called out of bed one morning at 5 A. M. The following dialogue ensued:

Voice—Hello:
Lady— Hello.
Voice— How are you this morning?
Lady— All right.
Voice— Then I guess I must have the wrong number.

Ain't It True!

The Scoffers said it couldn't be done,
And the odds were so great,
who wouldn't?
But I tackled the job that couldn't be done,
And what do you know? It couldn't!

—I read in the papers about the Committee for the Aging making all sorts of plans and the Youth Fitness Commission getting into full swing. And I get the feeling that no one cares about us middle-aged people. —The Chapel Hill, N. C. Weekly.

Other guests included Mr. and Mrs. Terry Rogers, Mr. and Mrs. Leslie Gordon Jr., and daughter Cinda Ann, Mr. and Mrs. James Womack and sons, Jimmie and Carlton.

Methoxychlor, Malathion
Now Recommended on Alfalfa

Farmers who failed to get a heptachlor treatment on their alfalfa by last week (March 9) now will have to resort to methoxychlor or malathion to control the alfalfa weevil.

Dr. J. O. Rowell, entmologist at VPI, says farmers should check alfalfa stands closely and often. When most of the plant tops show some feeding injury, apply the first treatment of one of the insecticides. For most areas of Virginia, this stage will occur any time from early April to the first of May, but will vary considerably with location, elevation, etc.

If the spray is applied too early, the effectiveness of the residue will be lost before the larvae come in contact with it. The residue of methoxychlor is effective from 5 to 7 days; of malathion, from 3 to 5 days.

In most seasons, the spring-laid alfalfa weevil eggs continue to hatch over an exteded period, and a single spray treatment is not enough to protect the alfalfa. Repeat spray tratments as often as necessary. Be sure to allow at least 7 days between the last treatment and the harvest of the alfalfa for hay or use of the crop for pasture.

Methoxychlor will control spittlebugs, also, Dr. Rowell says.

The weevil is believed to be present throughout Virginia, and Dr. Rowell says if alfalfa is to be grown in infested areas, insecticides must be used. The weevil may destroy the first cutting, and in severely infested fields, kill much of the stand.

Society

On Saturday, March 12, 1960 at 7:30 in the evening. Miss Katherine Lewis was entertained with a surprise birthday party, given in her honor by Mrs. Franklin Vaughan, and Mrs. Jacob Lewis. Katherine is the daughter of Mr. and Mrs. Jacob Lewis, of Appomattox. The party was held at the home home of her uncle, Mr. J. Franklin Vaughan, of Spout Spring.

The dining room table was decorated with spring flowers and swirling yellow candles. The birthday cake was yellow and white, and contained fifteen candles.

The young people enjoyed playing writing games. The guest of honor opened many beautifully wrapped packages and expressed her thanks.

Guests present at the party were: Pat Ferguson, Linda Batein, Billy Batein, Mary Watkins Booth, Linda Thomas, Butch Bryant, Jimmy Cravens, Linda Carter, Cynthia Richardson, Katherine Richardson, Doris Lee Bass, Brenda Massey, Luther Lewis, Joe Vaughan, Mrs. Shirley Massie, Mrs. Bernice Gilbert, Mrs. Jacob Lewis, and Mr. and Mrs. Franklin Vaughan.

Those who sent packages but could not be present were: Joe Le Grande, George Bergdoll, Frank Lee Thomas, and Mr. and Mrs. C. R. McCormick and Barbara Thomas.

After the refreshments were served the guests played records, and departed after expressing best wishes for many more birthdays to Katherine.

QUESTIONS OF THE WEEK

(Editor's note: Here are the questions asked most frequently by Virginia farmers during the past week, as reported by county agricultural agents. Staff members of the VPI Agricultural Extension Service and/or Experiment Station supply the answers).

Q. When should I fertilize my lawn?

A. Fertilize bluegrass and similar grasses in the fall. Fertilize bermudas, zoystia, etc., in the late spring and summer.

Q. What is the status of granular heptachlor and heptachlor - fertilizer mixture for Alfalfa weevil control?

A. March 9 was the deadline for applying heptachlor. Now you must resort to using methoxychlor or malathion. Start treating when most of the plant tops show some feeding injury, and continue as needed.

Q. What variety of corn should I use for silage?

A. Use any full-season variety adapted to your area.

Q. How late can tobacco - plant beds be seeded and still have enough plants for a crop?

A. They should be seeded as soon as possible. Most growers seed beds in February, but March seedings should be satisfactory.

Q. Are dwarf fruit trees recommended for home planting? If so, what nursery supplies them?

A. Dwarf fruit trees are easy for the home fruit grower to tend, and are an attractive addition to the yard. Any reputable nursery should be able to supply them.

Q. When should I spray pastures to control onion?

A. As soon now as possible. The temperature should be around 60 degrees. Use 2,4-D ester at the recommended rate.

Q. What variety of annual lespedeza is recommended for hay?

A. Commercial Korean, Kobi for elevations under 1,000 feet, or Robin where rootknot nematode is a problem.

Q. Other than lespedeza, what crops or mixture of crops are recommended for hay following small grain?

A. In some areas, alfalfa seeded in small grain will give a light cutting. You can still seed sudan grass or pearl millet, but these crops are hard to cure. Your best bet is lespedeza.

Q. What should I do where wheat came through with a poor stand?

A. A spring seeding of oats will fill your needs for small grain.

Q. How much flgor space should be allowed each broiler chick?

A. Generally, 3-4 to 1 square foot. A sound rule is to allow 1-4 square foot per pound of broiler to be produced.

HAS OLD ISSUE TELLING OF BIG SNOW HERE IN FEB. 1940

About The Home

By Frances Dell

Built-ins are the order of the day. Not only the conventional closets, but built-in beds, chests, bookcases and desks are quite popular.

Built-in beds are found in many 16th century European paintings. The Victorian era is remembered by spacious rooms, four poster beds, and great wardrobes, but no closets. It was during the 1880's that built-in closets came into general use.

The moderns are experts in planned space and wall use. Fine results are obtained in exceedingly small space by good wall use. Anyone building a home today, should not overlook the possibility of furniture built into walls.

Built-in dressing tables and cabinets are frequently put into a recess in a room. A dressing shelf placed below a mirrow on a closet door is useful.

Thoughtful closet planning can add much to a home. This planning is done with great skill. Closets in old homes can be replanned and made much more useful yetth little expense. Garment bags, shoe bags, and hat boxes can be bought in a variety of colors and materials and will help a great deal in taking the proper care of your clothes, as well as bringing order and attractiveness to an old closet.

Even the closet and the man of the house should not be overlooked. Hat boxes and bags in colors suitable for a man will add much to the efficiency of his closet.

Aluminum foil neatly placed between ironing board cover and pad will speed up ironing, give clothes a crisp, professional touch.
